Automatic control for doors and gates

Systems for automatic presence and movement control are now indispensable in many areas of industry. The potential areas of application for such systems are just as varied as the suitable solutions. The spectrum ranges from optical diffuse reflection sensors via multifunctional light grids and radar motion sensors to combined systems that can both open doors and detect objects within a door area.

Classification

ETIM 8

More

IPF Product Group	006 Print media
packaging dimensions	297 x 210 x 2.1 mm
gross weight	78 g
Customs tariff number	49111090
WEEE number	40951076
Reach-compliant	Yes
RoHS-compliant	Yes

Installation

Mounting / installation may only be carried out by a qualified electrician!

Disposal

WEEE number according to § 6 para. 3 ElektroG: 40951076

Safety warnings

- / Before initial operation, please make sure to follow all safety instructions that may be provided in the product information.
- / Never use these devices in applications where the safety of a person depends on their functionality.
