Flyer Ultrasonic sensors with IO-Link en

Incredibly versatile: ultrasonic sensors

Fast, precise, robust, reliable, wear-free, compact, ... These are just some of the convincing features of our ultrasonic sensors, which can be used almost universally.

Universal? Accurate, because the devices with analogue/switching output detect a wide range of objects and materials contactless, whether liquid, powdery or solid, regardless of shape, color or transparency.

Typical conditions for harsh industrial environments such as moisture, dust or smoke leave our ultrasonic sensors unimpressed. So it's no wonder that they also prove themselves time and again in outdoor applications.

Classification

ETIM 8

More

| | |
|-----------------------|--------------------|
| IPF Product Group | 006 Print media |
| packaging dimensions | 297 x 210 x 3.1 mm |
| gross weight | 104 g |
| Customs tariff number | 49111090 |
| WEEE number | 40951076 |
| Reach-compliant | Yes |
| RoHS-compliant | Yes |

Installation

Mounting / installation may only be carried out by a qualified electrician!

Disposal

WEEE number according to § 6 para. 3 ElektroG: 40951076

Safety warnings

/ Before initial operation, please make sure to follow all safety instructions that may be provided in the product information.

/ Never use these devices in applications where the safety of a person depends on their functionality.
