

VK003C20

Connection technology • Cable sockets / connectors for self-assembly

Cable socket, Angular, Suitable for self-assembly, Screw connection, Ø4-8mm, 4A, 240V, -25-90°C, M12 Female (socket) 4pin, IP67

ipf cable sockets are used primarily for establishing the electrical connection of sensors. Their features are characterized by rugged design, the highest protection classes (IP67 | IP68 | IP69K) and, if desired, with 360° shielding. With the features: bus-ready, suitable for use with drag chains and robots, resistance to oil and chemicals, resistance to welding sparks, their resistance to cleaning agents or high-pressure and steam-jet cleaning, the expanded temperature range of up to +230°C, the rapid interconnection technology and special data transmission properties, the cable sockets meet all requirements in automation technology.

Electrical features

Type of plug-in contact, A connection	Female (socket)
Type of A electrical connection	M12
Type of B electrical connection	Screw connection
Operating voltage (AC 50Hz)	240V
Operating voltage (DC)	240V
Number of pins of A connection	4
Ampacity	4A

Mechanical features

Wire cross section	0,75mm ²
Cable infeed	angular
Cable infeed of A connection	angular
Coding of connection A	A
Degree of protection (IP)	IP67
Ambient temperature	-25 - 90°C
Contact coating material	Gold
Contact body material	Brass
Permitted cable diameter	4 - 8mm

Other features

Version	Cable socket
---------	--------------

Classification

ETIM 8	EC001855 Assembled sensor-actuator cable
eClass 7.0	27279218
eClass 7.1	27279218
eClass 8.0	27279218
eClass 9.0	27060311
eClass 9.1	27060311

More

IPF Product Group	852 cable sockets / connectors (self-assembly)
packaging dimensions	120 x 100 x 10 mm
gross weight	30 g
Customs tariff number	85369010
WEEE number	40951076

Dimensional drawing

Connection

Installation

Mounting / installation may only be carried out by a qualified electrician!

Disposal

Safety warnings

Before initial operation, please make sure to follow all safety instructions that may be provided in the product information.

Never use these devices in applications where the safety of a person depends on their functionality.
